

GARPA

At Home Outdoors

SINCE 1979 GARPA HAS PUT THE FINISHING TOUCH TO UNIQUE GARDENS. TIMELESSLY BEAUTIFUL FURNISHINGS ARE A SOURCE OF PRIDE AND WRITE HISTORY.

It all began in Escheburg. In our Company Headquarters with its windows open to the world. Responsibility, respect and reliability – Garpa transforms immaterial values into garden furniture of superb quality. Wherever you feel at home. Furnish outdoor spaces in the great country tradition or set modern accents: our exquisite Collection offers holistic furnishing ideas for every garden haven.

We invite you to come on an exclusive tour with us, and to write your own very personal stories.

With garden furniture for generations.

Yours

Maren Köhler-Pfehn

RECLINER & DECK CHAIR

FAVOURED BY DAYDREAMERS:
DELIGHTFUL SANCTUARIES AND PRIVACY
FOR RELAXING, FAR FROM EVERYDAY LIFE.

Teak slats that are aligned with body contours, and adjustable backrests - the teak furniture with multiple functions has things in common, but at the same time fulfils varied needs for relaxation. Luxury is having a free choice of seating and experiencing comfort from different perspectives.

Unmistakable curve

CLASSIC GARDEN FURNITURE CELEBRATES TRADITION - AS BEAUTIFUL AS EVER, BUT INCOMPARABLY MORE COMFORTABLE.

Classics made of teak and steel take the Belle Époque flair to new heights. Their historical models once graced spa promenades and landscaped gardens. Today's generation, easily foldable or adjustable, impresses with contemporary comfort and superb craftsmanship. The ergonomically shaped teak slats of the chairs and benches are a delight for relaxing, every detail has been perfected to meet discerning tastes. Diverse tables and other seating and reclining furniture augment the repertoire: a classic introduces its extensive family.

BOLERO

OUR WEATHERPROOF HOMAGE
TO ENDURING MODERN CLASSICS:
FORM FOLLOWS FUNCTION AND
PROVIDES RESILIENT SUPPORT.

Style icon in top form

INSPIRED BY BAUHAUS, DESIGN CLASSICS ENHANCE TIMELESSLY BEAUTIFUL URBAN AND GARDEN LANDSCAPES.

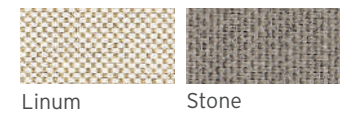

With simple contours, modern expertise, and meticulous craftsmanship, Bolero attains the highest level of perfection. Ergonomically shaped teak slats and supple fabric form the basis, while the classic tubular frame made of stainless steel withstands enormous stress. A side table of unmistakable design completes the collection, which harmonises perfectly with the spacious Portland extendable tables or the stylish Namur models.

BOLERO

MATERIAL

Bolero frames made of satinised stainless steel are combined with slats made of solid plantation teak or weather-resistant polymer fabric. The armrests are made of teak, the upholstery is 100% polyacrylic. Matching tables have stainless steel frames or a lightweight concrete central support and tops made of teak (Portland) or ceramic (Namur).

Refined elegance

EASY-GOING LIFESTYLE INTERPRETED WITH ITALIAN FLAIR. FURNITURE IN FINE FORM AND IMPECCABLE TASTE.

Using high-quality materials, Italian designers have created a sumptuously inviting, world-class ensemble. The peerless dining, lounge and solitary furniture of the Cavo collection reveals its finely nuanced perfection in idyllic gardens and in front of urban backdrops. Armchair, lounge armchair, sofa and lounger all create a sense of lightness that is echoed in the tables - with tops that seem to float. The new Preston tables with gently rounded edges are a perfect choice for the leading role at the centre of things.

CAVO

MATERIAL

Cavo furniture is made of finely turned plantation teak and brushed stainless steel. Chair, armchair and sofa feature a weave of polypropylene cord with polyester core. Cushions and upholstery are made of 100% polyacrylic. Preston combines teak and ceramic.

PAN

MINIMALISM THAT INSPIRES: UNIQUE
LIGHTNESS IN DISCERNING COMPANY.
SET IN A NATURAL ENVIRONMENT.

Highback Brown Ref. 4997 | Armchair Brown Ref. 3911 | Chair Brown Ref. 3912 | Cushion Linum Ref. 11809
Portland Table Stainless Steel/Teak 220 x 100 Ref. 7057

Precisely threaded

TRANSPARENT FURNITURE ALLOWS A GLIMPSE INTO THE GARDEN AND LENDS MODERN EXPRESSION TO DESIGN ICONS.

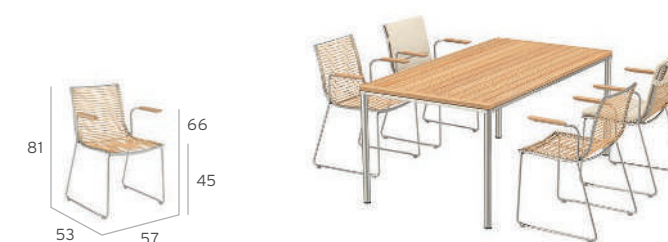

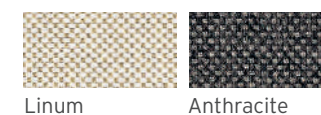

It seems as if the graceful lightweights made of stainless steel have been, like a musical instrument, delicately strung. But they are deceptively resilient. The striking lacing adapts perfectly to the contours of the body and retains its shape even under constant strain. Chairs, armchairs, and high-back chairs can be combined with the Portland and Ronda tables to form attractive seating groups. Stools and side tables provide welcome support, the lounge is for relaxation alone. Pan furniture unfolds its charm in natural settings as well as in those of steel and glass, complemented by modern architecture.

PAN

MATERIAL

Polyethylene cords are threaded onto satin-finished or graphite grey powder-coated stainless steel frames. The armrests are made of teak or synthetic material. The tables combine stainless steel with synthetic resin (side table), teak (Portland) and ceramic (Ronda).

Holistic design

SCANDINAVIAN IDIOM WITH WIDESPREAD EFFECT. THERE IS PLENTY OF SPACE TO SHARE.

Designed for people with modern expectations of a classic material, Valencia is characterised by its straight lines and variation possibilities. From the ergonomically shaped seating, elegantly placed around the Square table, to the pleasantly soft upholstered lounge group: the clean design opens up generous planning scope and harmonises with a wide range of architectural styles. The new bar trolley of the collection and Gleam lamps in various sizes, complement the welcoming ensemble.

AMARI

WELCOME HOME: AN ISLAND OF HAPPINESS
IN WELL CARED FOR GARDENS. TAKE AN
EXCLUSIVE SEAT AND EXPERIENCE ALL
ENCOMPASSING WELLBEING.

Natural weave

THE TWINED CORD OF AMARI SEEMS TO HAVE GROWN IN THE WILD - VISUALLY AND TANGIBLY.

The graceful stainless steel runners and the woven shapes of the Amari armchair and lounge furniture create a feeling of security. Light falls through the linear weave, the vertical struts of the double-walled wickerwork support the constantly varying position of the body. Matching upholstery and additional cushions pleasantly round off the ergonomic comfort. A wide range of tables - with tops made of teak, synthetic resin or ceramic - complete the collection.

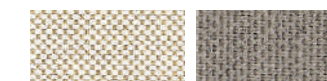

AMARI

MATERIAL

Brushed stainless steel frames in combination with natural-looking polyethylene cord. Upholstery and seat cushions are made of 100% polyacrylic. The dining tables have tops made of plantation teak or synthetic resin, and teak and ceramic contrast in the Lounge Table Set.

Protective Cover	for Ø120	Ref. 15662
	for Ø150	Ref. 15663

Evolution of the teak chair

A MODERN MASTERPIECE OF TRADITIONAL CRAFTSMANSHIP - MULTIFACETED FORM FOLLOWS FLAWLESS FUNCTION.

Flowing transitions characterise the design. The curved backrest glides into subtly angled armrests, gentle curves merge into straight lines, and robust teak slats form a superbly comfortable seat. The distinctively sleek structure combines ergonomic shapes with refreshing lightness. The precision-crafted Luton armchair can also be stacked. Its precious teak wood creates a unique ensemble not only with the high-quality materials of Preston or Namur tables.

TREY

PURE LUXURY: FOCUS ON THE ESSENTIAL
EVEN WHEN RELAXING. WITH COMFORT
THAT REQUIRES NOTHING MORE.

Simply perfect

SPACE MIRACLE, SUPERB CRAFTSMANSHIP AND CREATIVE SOLUTIONS: APPRECIATED BY MINIMALISTS WITH A SENSE OF FAMILY.

Compact seating groups and variable lounge settings - the open design of teak sides and struts is the same. Table and benches offer space for dining, or socialising, as a play corner or home office. The easy-care synthetic resin tops can cope with anything, and the stainless steel compartment in the table comes in very handy. At the end of the day, the two benches disappear completely under the table. The lavish upholstery of the lounge furniture is especially appreciated by minimalists. Readily combinable modules allow a variety of constellations. Armchairs, sofas and chaise longues also make attractive solitaires in selected spots.

TREY

MATERIAL

All Trey furniture is made of high-quality plantation teak. The seats and backrests of the benches as well as the top of the dining table, are made of UV-resistant, easy-care synthetic resin. The table insert is made of stainless steel, and the cushions and upholstery are made of 100% polyacrylic.

SEAT	with backrest, 37 kg	Ref. 4936

MONTEREY

A BREATH OF FRESH AIR FOR AN ORIGINAL:
RESIDENT ON THE COAST AND WELCOME
WHEREVER INDIVIDUALITY IS APPRECIATED.

Serving Trolley Silk Ref. 1925 | Armchair Silk Ref. 1920 | Cushion Linum Ref. 16210 | Seat Silk Ref. 1923
Portland Table Silk 165 x 90 Ref. 6227

MONTEREY

MATERIAL

Monterey and Portland bring together high-quality plantation teak and anodised aluminium elements. The serving trolley is in addition equipped with stainless steel rails, and like the lounger, has rubber wheels. The upholstery is made of 100% polyacrylic.

Tray incl.		
Holds crockery to hand and serves culinary specialities: thanks to swivel castors, the serving trolley, equipped with a tray, is easy to manoeuvre, even when deliciously laden.		
Protective Cover	for Serving Trolley	Ref. 15696

Brilliant appearance

POISED, PERFECT, ANODISED.
STYLISH CLASSICS WITH SHIMMERING
COLOUR AND MARITIME FEEL.

25 years after its premiere, Monterey returns to select beautiful hideaways. The lustrous shifting colour lends new elegance to a proven and successful Garpa collection. The anodised aluminium elements accentuate the contemporary character of the classic teak furniture. The armchair, recliner and stool are an excellent match with the Portland Silk tables, and like the lounger with its many functions, they combine the best of tradition and avant-garde. A practical serving trolley promises additional luxury outdoors, and merges seamlessly into the exquisite ensemble.

UNITED STATES

LUXURY LINER AND HOME PORT
HAVE A LOT IN COMMON.
DISCERNING GUESTS, SUN, WIND
AND WEATHER OF ALL KINDS.

On course for serenity

THE MARITIME CLASSIC GRACES HOME SHORES WITH ELEGANCE.

The original deck chair was designed for the "United States", which broke transatlantic records in 1952. The new edition of the classic deck chair will transport you on dream holidays and provide hours of leisure. The outstanding combination of subtly shimmering anodised aluminium and colour-coordinated webbing, indulges with exceptional support and ergonomic comfort.

UNITED STATES

MATERIAL

An elaborate manufacturing process binds the dimensionally stable polyester material securely with the anodised aluminium frame. The armrests are made of teak, the cushions of 100% polyacrylic.

DESIGNS

DECK CHAIR Silk
with wheels and longer footrest, 18 kg

Ref. 1919

Neck bolster and safety device incl.

Lean back with a simple lift of the armrests. The long footrest offers comfort even for people over 1.80 metres. The agreeable deck chair can be compactly folded up and locked with a safety catch.

Setting accents

A PASSION FOR LIFE OUTDOORS EVOLVES IN HARMONY WITH THE ELEMENTS IN ALL THEIR VARIETY.

Inspired by nature, we create defined settings for relaxed gatherings and make finishing touches with individual accents. Sheltered open spaces offer private sanctuary, versatile garden furniture promises hospitality. Solitaires and imaginative water features reveal their charm from a distance, and matching accessories accentuate furnishing styles.

You can find exclusive accents at www.garpa.pl/akcenty.

STRANDKORB

HOLIDAYS AT THE VERY FIRST SIGHT,
ENJOY A SENSE OF SECURITY AND
WELLBEING. LET IT BECOME A HABIT
ON HOME GROUND.

Luxury for lovers of detail

WE CANNOT BRING YOU THE SEA,
BUT WE CAN SUGGEST A PLACE
THAT INVOKES A HOLIDAY
MOOD ALL YEAR ROUND.

Beach chairs offer shelter from the wind, provide shade and promise comfort in every respect. Alone, together as a couple, sitting or lying down: smoothly adjustable, the Garpa model can, in no time at all, be transformed into a double lounger for sunbathing.

STRANDKORB

MATERIAL

A solid teak construction, robust synthetic wickerwork, and stainless steel fittings create a weatherproof masterpiece. Lockable wheels make the beach chair both manoeuvrable and safe, footrest boxes that slide out on a telescopic rail, provide concealed storage space.
